SECURITY SERVICES IN WENTWORTH & SELBORNE, LOCKHART AND WINDEYER CHAMBERS DURESS ALARMS & CCTV

This is a reminder to Floors about the security arrangements that are available to floors in Wentworth, Selborne, Lockhart & Windeyer Chambers should they wish to take advantage of these services.

The purpose of this email is to advise Floors that if they wish to install CCTV in their foyers, this can be integrated with the building's CCTV service. By integrating with the building's CCTV service this will save floors some infrastructure costs and the ongoing management of the service is undertaken by CCL.

Also, a number of floors have installed back-to-base duress alarms at their reception areas which also integrate with the buildings alarm system. In the event that the duress alarm is activated, CCL is immediately advised and also the guards are contacted for immediate response.

If any Floor (including those in Windeyer) wishes to install either CCTV or duress alarms to integrate with the building infrastructure (in Windeyer only those floors connected to the CCL Network will be able to integrate the CCTV service – duress alarms are available to all floors) please contact Karl Fletcher of our office on 9231 3644 who will arrange for the quotation.

In order to improve security throughout the buildings, CCL highly recommends the installation of both CCTV and duress alarms at floor receptions. At a minimum, we urge floors to at least seriously consider the installation of a duress alarm.

If you have any other questions, please contact Lee Albert on 9231 3644.

Kind regards,

Debbie George
General Manager
