

Cisco Handset Promotional Pricing

COUNSEL'S
CHAMBERS
LIMITED

10 June 2022

Dear: CCL VoIP User

CCL are pleased to announce a promotional offering in conjunction with Allcom Networks on selected Cisco VoIP handsets until June 30, 2022. Please contact your Clerk if you would like to order a new handset.

Many handset models in use on the CCL network are, or will very soon be, end of life, these include the **9971, 7940, 7960, 7941, 7961, and the 7911**. As CCL perform future upgrades to the network, end of life equipment may no longer be able to connect after the upgrades are performed. Although existing handsets may continue to be used on the CCL network at this stage, CCL can no longer provide support for issues with the handsets, and additional handsets that are end of life models cannot be configured.

CCL will be rolling out a new Wi-Fi system later this year, and the following handset models are unlikely to be compatible with the new system: **7942, 7945, 7962 and 7965**. CCL highly recommends that Members who are using these models upgrade their handsets to ensure future compatibility.

Below are the official end of support dates from Cisco, meaning these models are no longer supported:

7941 and 7961 models: **31 July, 2013**

7942 and 7962 models: **31 January, 2021**

7945, 7965 and 7975 models: **30 June, 2023**

9971 model: **31 July, 2021**

Below are the Cisco handsets that are included in this promotion:

	Model number	Features	Promotional Price (ex GST)
--	--------------	----------	----------------------------

	8865	<p>Colour screen, 5 Line/feature keys.</p> <p>Integrated HD video camera Bluetooth enabled (for headsets and mobile phone pairing) Two USB ports (for wired or wireless headset or smartphone charging) Ability to add three Key Expansion Modules.</p>	\$494.96
	8851	<p>Colour screen, 5 Line/feature keys.</p> <p>Bluetooth enabled (for headsets and mobile phone pairing) One USB port (for wired or wireless headset or smartphone charging) Ability to add two Key Expansion Modules.</p>	\$384.06 (charcoal model)
	8845	<p>Colour screen, 5 Line/feature keys.</p> <p>Integrated HD video camera Bluetooth enabled (for headsets and mobile phone pairing)</p> <p>No USB. No expansion modules.</p>	\$372.29

The model that CCL recommend for most users is the 8845. These handsets are also available in white for a small premium.

Members are able to connect a variety of Bluetooth headsets and other devices to the new Cisco handsets. Allcom can provide recommendations and pricing for compatible headset models.

Please contact me if you have any questions by replying to this email.

Kind Regards,
Mark Hamilton
