24 June 2022

Dear: CCL VoIP User

Cisco Handset Promotional Pricing

I refer to Mark Hamilton's email of 10 June which is attached.

Members are reminded that CCL's technology partner – Allcom Networks – are currently offering promotional pricing for Cisco handsets until 30 June 2022.

A large number of Member's handsets are no longer supported, including many which have been obsolete for almost 9 years. End of Life models are not updated and lack many features (such as Bluetooth for headsets) and may have security vulnerabilities which will not be fixed. CCL is not able to provide support for these obsolete models and may in future require them to be removed from the network at short notice if critical security vulnerabilities are identified. Additionally, several models may require extra hardware to be compatible with the upcoming Wi-Fi upgrade.

We strongly suggest that Members currently using a 79xx series handset upgrade to a current model. In most cases, we recommend the Cisco 8845 (\$372.29 ex GST) for Members.

If you would like any further information, please contact support@ccl.com.au.

Kind Regards,
Michael Wright
CIO
