Device Onboarding – Android (Wi-Fi)

1. Install the **Cisco Network Setup Assistant** app from the **Google Play Store.**	**Cisco Network Setup Assistant** Cisco Systems, Inc. [Install]
2. Connect to the **CCL-Connect** Wireless network. Please configure the network settings as seen below: • **EAP Method** - PEAP • **Phase 2 Authentication** – MSCHAPV2 (if unavailable select None). • **CA Certificate** – Don't validate • **Identity** – Your CCL Username • **Anonymous Identity** - *(Leave Blank)* • **Password** – Your CCL Password **Note: Uncheck "Auto reconnect"** ⓘ If you do not know your password, you can reset it using the CCL password portal https://password.ccl.com.au, or you can contact CCL support by telephone 9221 6235 or email support@ccl.com.au.	CCL-Connect **CCL-Connect** PEAP ▼ Phase 2 authentication MSCHAPV2 ▼ CA certificate Don't validate ▼ No certificate specified. Your connection won't be private. Identity username Anonymous identity Password •••••••• ◯ Show password ◯ Auto reconnect CANCEL CONNECT
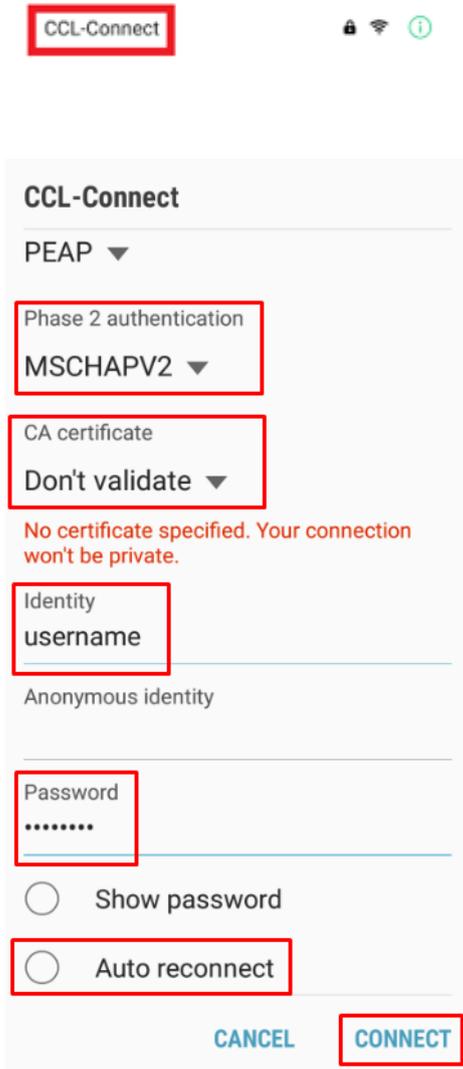

|	
3. Open the Google Chrome browser and type **login.ccl.com.au** in the address bar. You will be redirected to the onboarding screen **BYOD Portal**. (This may happen automatically on some devices). After reviewing the CCL Network Acceptable Use Policy, click **Start**.	
4. Enter a **Device name** and press **Continue**. The description field is optional.	
5. **DO NOT** press "Go to Google Play to get the application".	
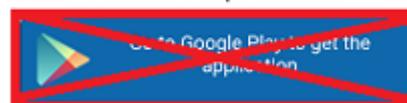

|	
Instead, press the icon with the three dots as seen in the picture to the right and select **Keep connection**. Your web browser should now be minimsed.	
6. Open the **Network Setup Assistant** app and press **Start**.	
7. Your device will begin downloading network profiles necessary for registration. Press **PROCEED** on the security prompt.	
8. When prompted for a password, enter your **CCL network password** and press **OK**.	
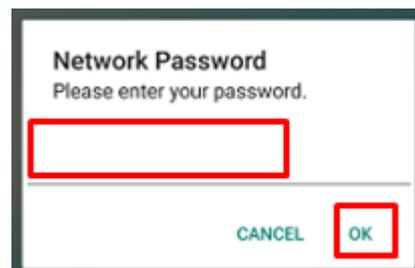

|	
9. The Network Setup Assistant will now begin connecting your device to **CCL-Secure**.	
10. If the onboarding was successful you will see a green tick, and you can proceed to the next step. If you receive an error please contact CCN support: Phone: 02 9221 6235 Email: support@ccl.com.au	
11. Close the Cisco Network Setup Assistant app, and verify that your device is now connected to the **CCL-Secure** Wi-Fi network.
