3. Once you have selected a device you can choose from the following options - **Lost** or **Stolen**: Choosing these options will disconnect the device from the network, but will keep the device listed in your account so that you may reinstate the device at a later time. If a device is marked as stolen, you will need to follow the On Boarding instructions after reinstating the device.

Edit: Allows you to edit the description of the device

Delete: This option will remove the device from your list of devices. To re-add a deleted device you will need to follow the On Boarding instructions again.
