The NSW Bar Dispute Resolutions Centre on the 1st Floor, Selborne Chambers, remains open and available for hire. We have introduced new capacity restrictions to deal with the social distancing requirements but apart from that, at this stage, we are able to provide ongoing use of the facility. (Please see our website for more information regarding the capacity of the rooms and room hire rates <https://nswbardrc.com.au/>)

The Centre is also now able to provide a virtual courtroom style arrangement by using the commercial grade video-conferencing ("VC") services in the Hearing Rooms. The Centre has recently introduced Webex Meetings which can be used to host and conduct multi-party VCs.

From the 01st July 2020 the VC services are being offered for a fee of \$200.00 per day for use by customers hiring the rooms who would like to conduct a multi-party VC.

In addition to using the new services for mediations and arbitrations, the equipment is also suitable to use in the rooms to access court proceedings over multiple days.

We also include free onsite technical support to assist with setting up VC's and free access to the internet via Wi-Fi to Legal Counsel, Mediators and Arbitrators.

CCL shareholders continue to receive 1 day free for VC court proceedings only including the use of the VC equipment at no charge. This does not apply to mediation or arbitrations. For matters that extend beyond 1 day, shareholders receive a 10% discount on the total invoice.

Our Network staff have developed the following guide to assist our customers in understanding what VC platforms apart from Webex Meetings are compatible for use in the Hearing Rooms.
