

Connecting to the network: MacOS (Wired)

COUNSEL'S
CHAMBERS
LIMITED

Connecting to the network: MacOS (Wired)

Important:

Before you proceed, as part of connecting to the network, you will need your CCL Network username and password. If you are unsure of your username and password, you can verify or reset your password at password.ccl.com.au, or if you require any further assistance regarding the following instructions, please contact CCL Support via email at support@ccl.com.au.

Step 1

Open the Safari browser and type
login.ccl.com.au in the address bar.

You will be redirected to the onboarding
screen **BYOD Portal**. (This may happen
Automatically on some devices).

After reviewing the CCL Network Acceptable
Use Policy, click **Start**.

The screenshot displays the 'COUNSEL'S CHAMBERS LIMITED Device Registration' portal. At the top, the company logo and 'Device Registration' are visible. Below this, a 'Sign On' section welcomes users to the CCL Network Device Registration Portal and instructs them to sign on with their COUNSEL'S CHAMBERS username and password. There are input fields for 'Username:' (containing 'Macbook User') and 'Password:' (masked with dots). Below the login fields is a section titled 'COUNSEL'S CHAMBERS LIMITED' containing 'CCL's Acceptable Use Policy Policy for the use of CCL Network'. Under the heading 'A. APPLICATION', there are three numbered paragraphs detailing the policy terms. At the bottom of this section, there is a checkbox labeled 'I agree to the terms and conditions' which is checked. Below the checkbox is a blue 'Sign On' button, which is highlighted with a red rectangular border.

Step 2

Enter a **Device name** and press **Continue**.

The description field is optional.

CHAMBERS
LIMITED BYOD Portal

2 3

Device Information

Enter the device name and optional description for this device so you can manage it using the My Devices Portal.

Device name: *

Description:

Device ID: 10:A5:1D:8F:FC:FF

Continue >

Step 3

On the next page, your browser will automatically start downloading the **SPW.tar**.

Open the **SPW.tar** file. This will open with a file named **cisco_network_setup_assistant.dmg**.

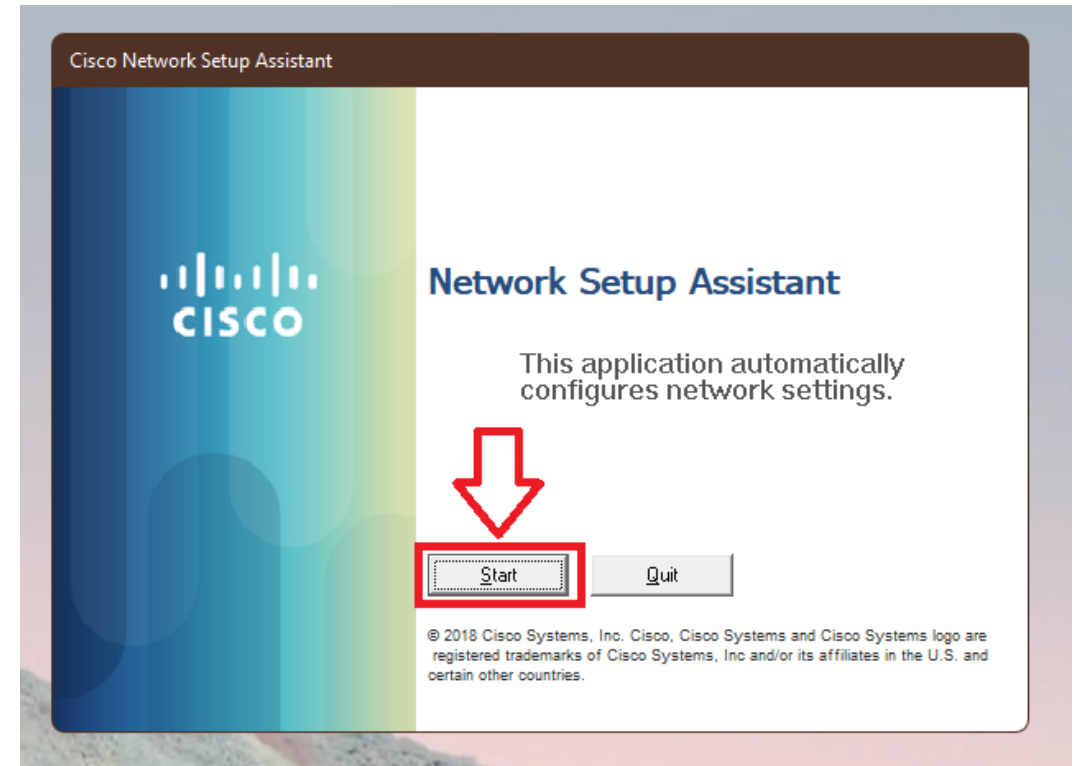

Open the **cisco_network_setup_assistant.dmg**

Step 5

The *Network Setup Assistant* will open.

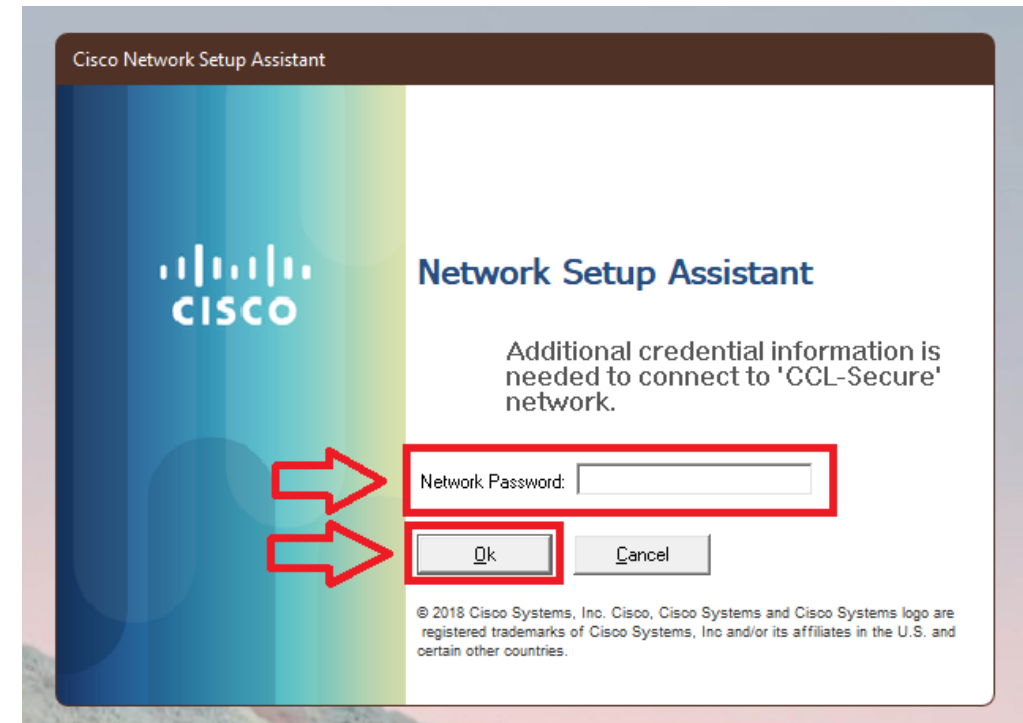

Click **Start**.

Step 6

Enter the following credentials, then click **OK**:

Network Password – Your CCL Password

The screenshot shows the 'Cisco Network Setup Assistant' window. On the left is the Cisco logo. The main title is 'Network Setup Assistant'. Below the title, it says 'Additional credential information is needed to connect to 'CCL-Secure' network.' There is a text input field labeled 'Network Password:' which is highlighted with a red rectangle. Below this field are two buttons: 'Ok' and 'Cancel', both also highlighted with red rectangles. Two red arrows point from the left towards the 'Network Password' field and the 'Ok' button. At the bottom, there is a small copyright notice: '© 2018 Cisco Systems, Inc. Cisco, Cisco Systems and Cisco Systems logo are registered trademarks of Cisco Systems, Inc and/or its affiliates in the U.S. and certain other countries.'

Step 7

Note:

- If a *Verify Certificate* opens, click **Continue**
- If you are asked to enter a username or password outside the Network Setup Assistant app, please enter the password you use to open your Mac.

Success

You will now receive a tick, letting you know you have successfully completed the onboarding process. Click **Exit**.

Please verify that your internet connection is working. If it is, your device is now successfully connected to the CCL Network.

If you require any further assistance regarding the previous instructions, please contact CCL Support via email at support@ccl.com.au.
