Counsel's Chambers Limited Network Device Connection – Windows 7

1. Connect the network port your PC to the PC port on your Cisco telephone handset

2. Open a browser (Firefox/Chrome/IE) and browse to www.ccl.com.au. You will be redirected to the login screen **CCL Device Registration Portal**.

3. Login with your CCL Network username and password. If you do not know your password contact CCL support on 9221 6235 or email support@ccl.com.au.

4. Press the **Start** button.
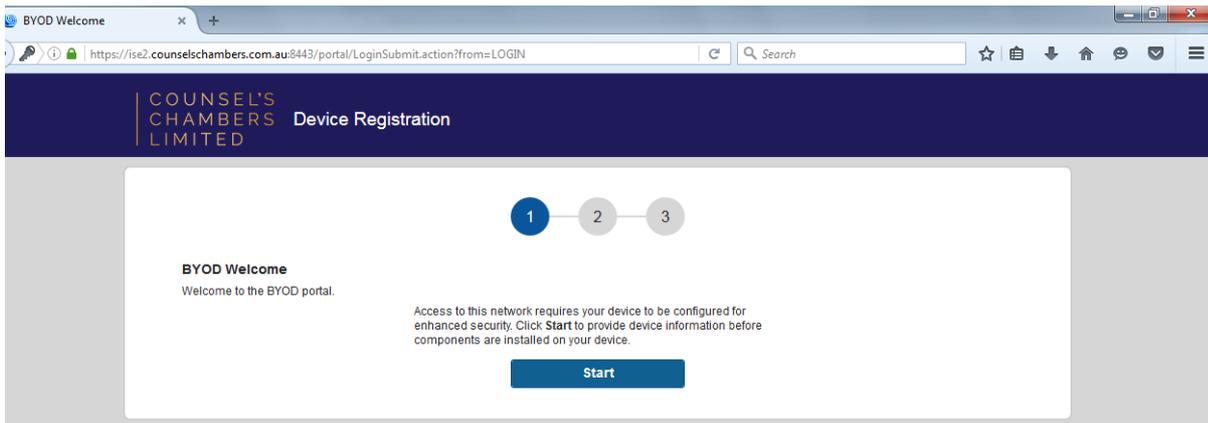

5. Enter a name and description for your computer.
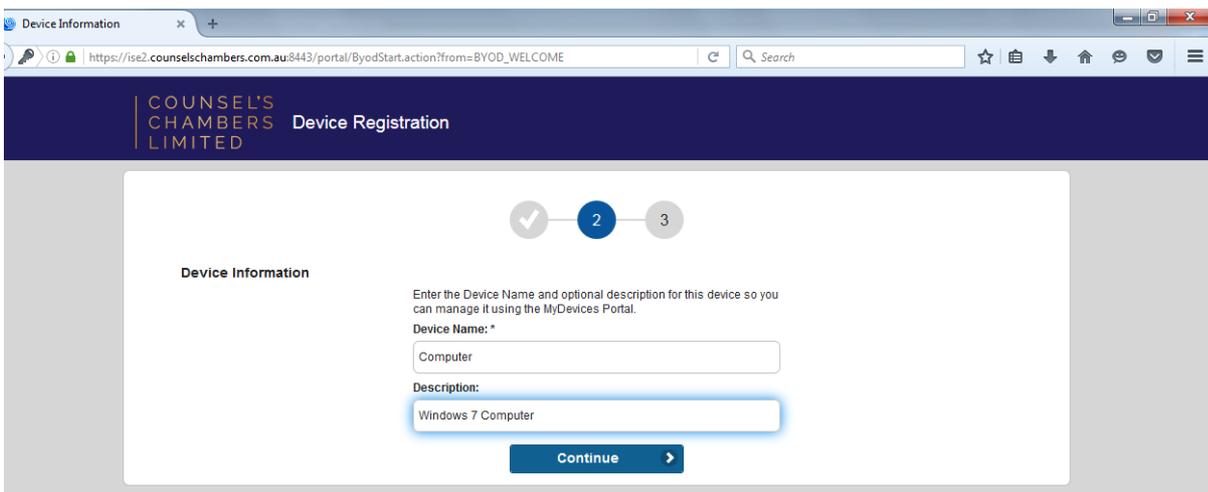

6. You will be prompted to download and run the **NetworkSetupAssistant.exe** tool. Save and run, or press "run" if given that option.
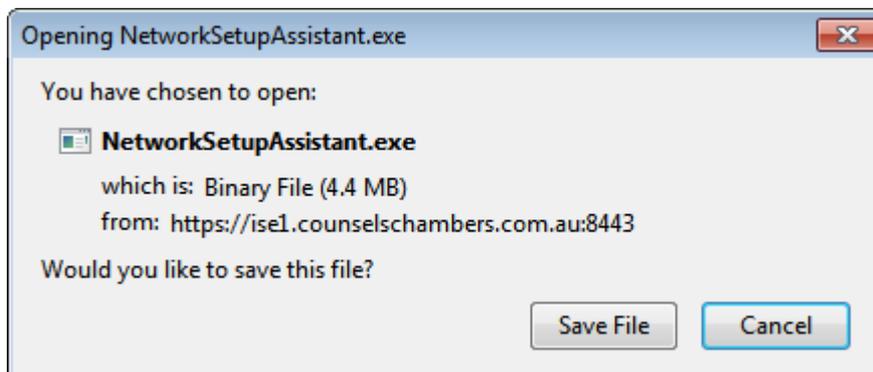

7. The **Cisco Network Setup Assistant** program will open. Press **Start**.
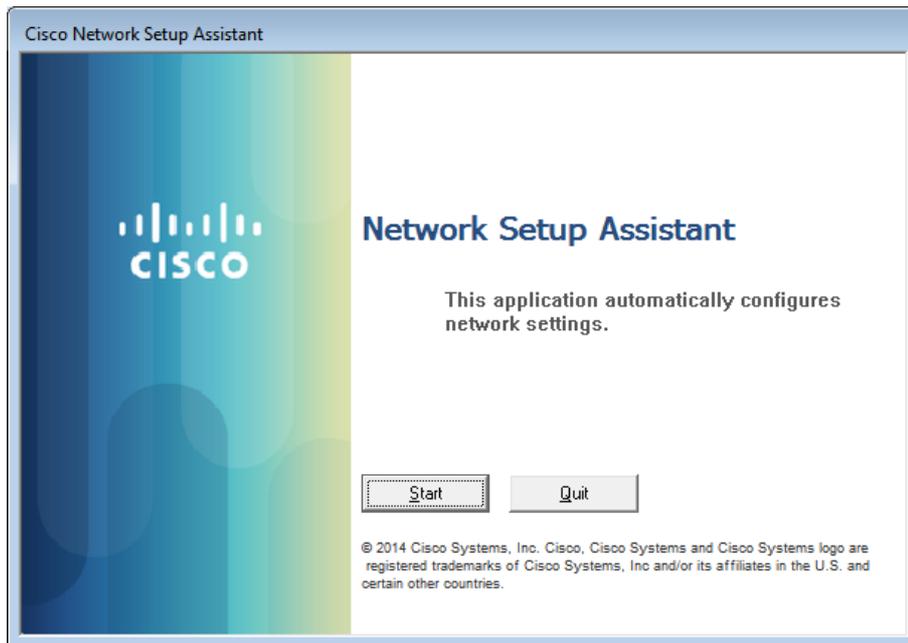

8. You will be prompted to install the **DigiCert Global Root CA** security certificate. For added security, check that the Thumbprint (SHA1) matches the one in the image below. Press **Yes**.
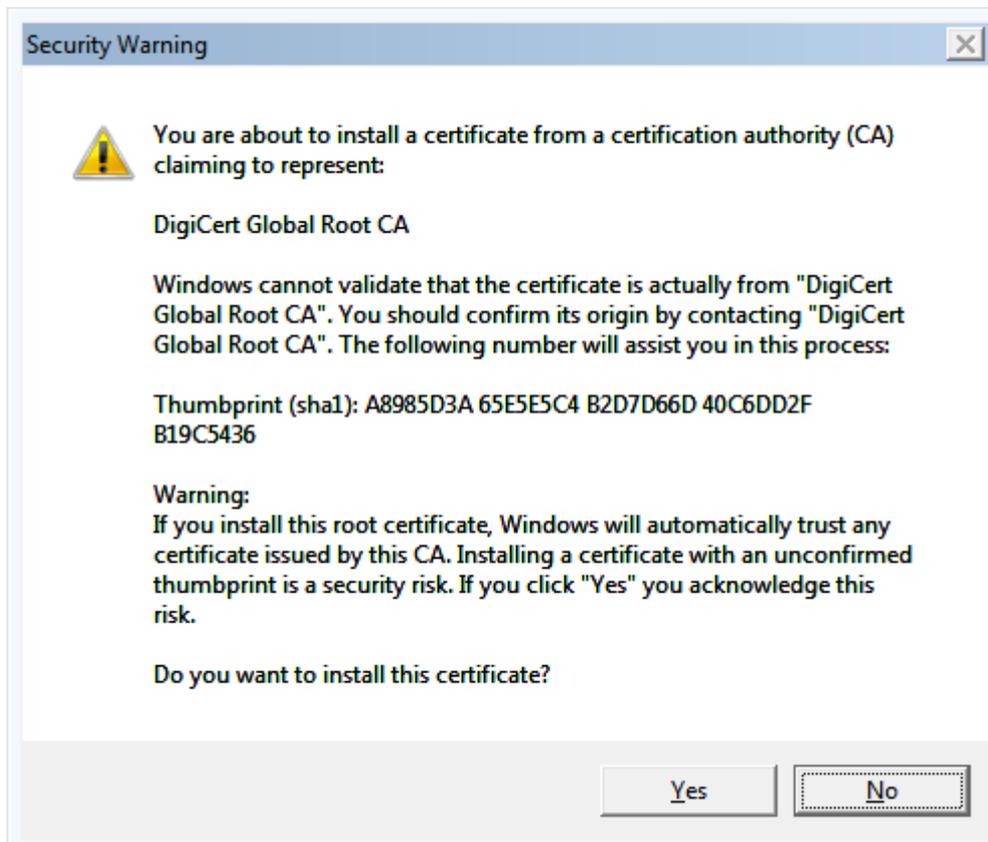

9. Your device is now able to connect to the CCL network.
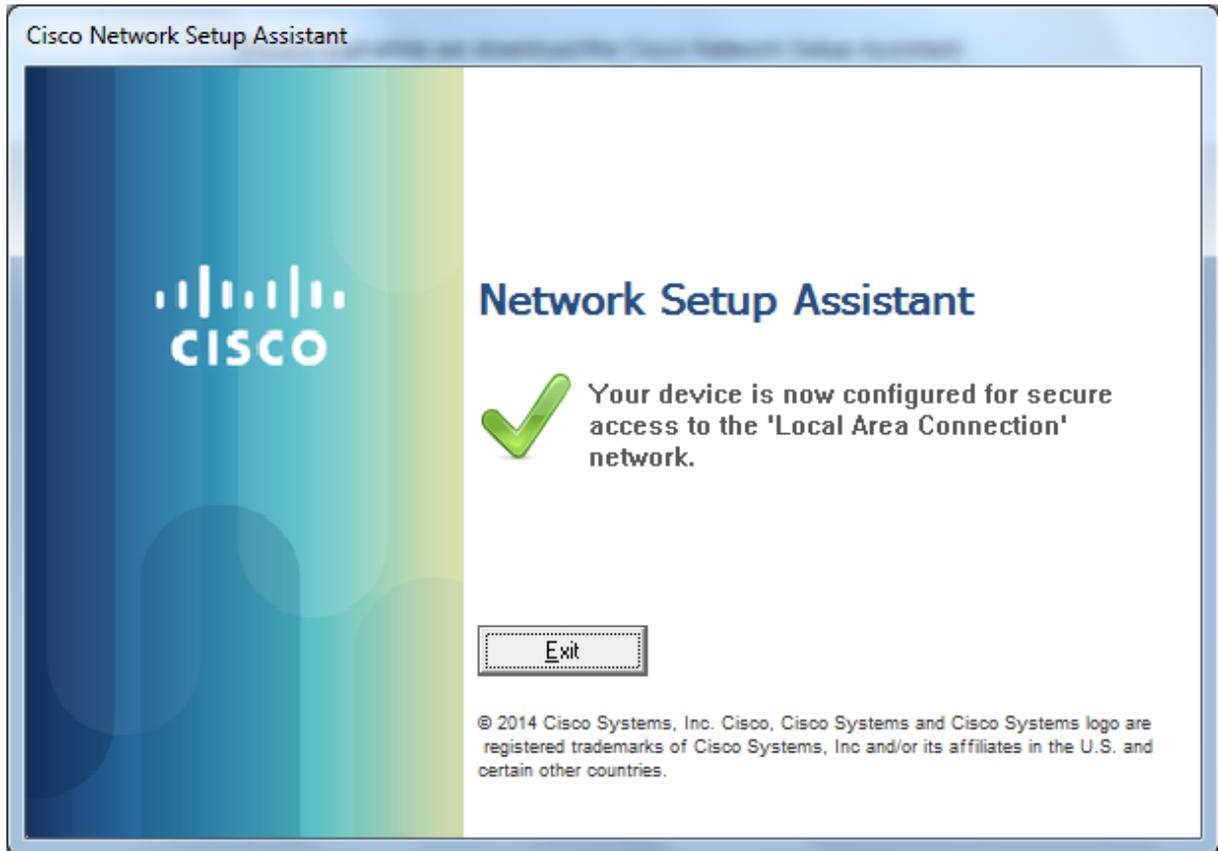

10. The connection is complete, and your computer will automatically connect to the network.
